Best Cough Mixture Is Home Made

Acts With Speed—Loosens the Phlegm—Stops the Irritation and Coughing Ceases.

Fine for Chest Colds Too and Is Cheaply Made at Home.

When you can make, in two minutes, a world beating remedy that acts directly on the membrane and often overnight causes stubborn coughs and even hard chest colds to disappear, why trifle with things that will probably disappoint?

Hawking and snuffing and also soreness of the mucous membrane go and you will feel fine in almost no time.

Just get one ounce of Parmit (double strength) add to it a little sugar and enough hot water to make a half pint and you've got an inexpensive remedy better than you can buy ready mixed.

Its soothing, healing action on the membrane is the reason so many people use it for Catarrh and acute nasal colds.—Advertisement.

HELD AS CONVICT WANTED BY AUBURN PRISON WARDEN

Man Believed to Be Joseph Patnaude in County Jail

ARRESTED THIS MORNING

Apprehended by State's Attorney Mathers and Deputy White on North Street

A man who gives the name of Anthony, but who is confidently believed to be Joseph Patnaude, an escaped convict from the New York state prison at Auburn, was arrested

on North street this morning and is now in Bennington county jail.

The arrest was brought about by the request of Warden E. S. Jennings of the Auburn prison and was accomplished by Deputy Sheriff Ralph H. White, the state's attorney and Abe Ruskin, a local taxi driver.

Information that Anthony or Patnaude was living in Bennington came to the state's attorney several days ago. The official communicated with Warden Jennings and at once received a request to arrest the man and hold him for New York state authorities.

It was the original plan to make the arrest last night. The alleged escaped convict has been living for some time on the third story of the building at the corner of Depot and County streets and locally known as the Haymarket building. According to the information received by the state's attorney, the wanted man came here some time ago from Vermont. He was accompanied by a woman and a small child. It is reported that he claims the woman to be his wife.

After discussing the possibilities of an escape, in case of the arrest was attempted at night, the state's attorney and Deputy White reached the conclusion that it would be better to take the man this morning while on his way to work at the Leader building on Pleasant street, where he has been engaged on the job of putting in a steel ceiling.

As the man passed the corner of North and River streets between 7:30 and 8 o'clock this morning he was trailed by the state's attorney who had been waiting near the store of the Levin Estates. The prosecuting officer was immediately joined by the deputy. Near the Marchant residence the two officials stepped on each side of their man, grasped an arm and the job was completed. Abe Ruskin's taxi was at hand, according to arrangements, and the prisoner was quickly delivered to Jailor Arthur W. Russell.

WEATHER FORECAST

Fair and not quite so cold tonight. Saturday cloudy and much warmer.

WHEN HAIR THINS, FADES OR FALLS, USE "DANDERINE"

25 cents buys a bottle of "Danderine." Within ten minutes after the first application you can not find a single trace of dandruff or falling hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them, helping your hair to grow long, thick and luxuriant.

Girls! Girls! Don't let your hair stay lifeless, colorless, thin, scraggy. A single application of delightful Danderine will double the beauty and radiance of your hair and make it look twice as abundant.

BELOW ZERO HELD NO TERRORS FOR CARNIVAL CROWD

Big Gathering at Afternoon and Evening Events

COSTUME BALL TONIGHT

Ski Jump and Toboggan Slide Provide Thrills for Participants and Spectators

Yesterday afternoon's carnival spectacles and contests proved most interesting to the large number of persons who braved the cold to see them. Two men from Williams college, Brown and Crosby, came to Bennington to give a demonstration of ski jumping and fancy ski running. These men were wonderfully good, their control of skills was astonishing to most of the boys, who got much valuable information and instruction. The jumps made by the men from Williams were about thirty-five feet and this distance it was expected would be the maximum possibility of the jump when it was planned. The local boys were given a fine demonstration of proper form in ski jumping and a lecture on the subject.

The ski contest for children under 12 was run off and resulted in five boys being tied for points for first and second prizes. These will have to run off an elimination contest to take place at 10 o'clock Saturday morning. These boys are John Spencer Holden, Edmund Hollister, Frederick Stuppelbein, John Crahan and Beards Hawk.

The ski contest for school pupils of 12 to 15 years of age was not run off and will be held this afternoon at 3:30, as soon as the entrants can be assembled after they are released from school.

School pupils fancy skating contest for those between 12 and 15 years of age was won by Homer LeBarge and Victor Mattson was second. The work of both these boys was highly complimented by the judges.

Pops fast skating contest in this same class was won by F. R. Hyde with Wilfred Seymour second. G. R. fast skating contest, 12 to 15 years, was won by Catherine Hurt with Catherine Tellier second.

Past skating for boys under 12 was won by Clinton Waldron with Joseph Gunshannon second.

Past skating for girls under 12 years of age was won by Grace Bent with Agnes Griffin second.

Exceptionally large crowds attended the skating carnival in the evening.

ing and staid it out in spite of the extreme cold.

Skating contest results in the evening are as follows: Fancy skating won by Lou's Felix of North Adams with Roy Perry of Bennington second.

The first skating race was one quarter mile and was won by Frank Brooks of Bennington with Louis Felix of North Adams second. The second race was a half mile and this also was won by Frank Brooks of Bennington with Clement Mansoni of North Adams second.

The fancy skating of Louis Felix of North Adams was an exhibition of the first class. The work of Frank Brooks in the races astounded everyone including the entrants from North Adams, who proved themselves to be the finest sort of good sports making the best of somewhat indifferent ice conditions and the extreme cold with smiles and cheerful words for every difficulty.

Many very attractive women's sport costumes were seen at the rink and coasting grounds but the committee of judges, who have been observing these costumes during the carnival, missing a number that they had previously seen decided to reserve their decision and make it at the end of the carnival from their observation throughout the entire period. In this way it is hoped that many more good ones may appear and without doubt there will appear on Saturday evening during the carnival the largest number of these costumes.

This evening the carnival ball takes place in high school hall, Saturday at 10 in the morning will take place a ski contest to decide the winner of the under twelve ski events.

At 2:30 in the afternoon comes the big wood chopping contest on Morgan street; the school championship ski and skating contests the same afternoon following the wood chopping. Saturday evening the street coasting carnival following the big parade.

Presentation of prizes won by school pupils will take place in Putnam House square at 8:30 Saturday evening at the end of the parade.

The toboggan slide is proving one of the most successful ventures of the carnival. There is a good grade and while the course is not quite so smooth as might be desired the slide furnishes a lot of sport. It is available not only for toboggans but also for ski sleds and any coaster who desires a fast ride will get it if he attempts the whole length of the course.

PAUL MOODY COMING

Former Chaplain of First Vermont Now President of Middlebury.

President Paul D. Moody of Middlebury College will be the Forum speaker next Sunday evening. A scene of making will be the Second Congregational church, and the subject of his address, "Some Perplexities of Education."

President Moody is the younger son of the famous evangelist Dwight L. Moody. He is graduate of Yale and studied for the ministry in seminaries of Edinburgh and Glasgow and in this country in Hartford. He taught in the Northfield Schools, of which his brother, Will Moody, is the head, for six years, and was then in business for three years in New York City.

He was pastor of the South Congregational church at St. Johnsbury when he was appointed Chaplain of the Vermont National Guard in 1916 to succeed President Thomas who resigned. With this regiment he was mustered into Federal service and transferred later to the 103rd Infantry.

He went over seas with the 26th Division and saw active service until he was appointed by General Pershing as an assistant to Bishop Brent whom he later succeeded as Senior Chaplain of the A. E. F. He was discharged with the rank of major and decorated by the French with the order of University of France, grade of officer of the Academy.

After the war he became associate pastor of the Madison Avenue Presbyterian Church, New York City, and was called from there to the presidency of Middlebury. He began his new duties last September.

Several hundred Bennington soldiers in the world war are personally acquainted with Paul Moody and are admirers of him.

KENTUCKY MOONSHINE IN WAR ON EACH OTHER

Bootleggers Give Information against Distillers Operating on Big Scale.

Louisville, Ky., Feb. 17 (By the Associated Press)—Tumbling prices for moonshine whiskey have resulted in a bitter war between the "big business" men and the ordinary bootleggers here, according to Edward Volse, prohibition enforcement officer.

The "big business" men, said Volse, have entered the field with quantity production and low prices, and they are being fought by small operators whose chief weapon is the law and who are seeking to maintain prices by furnishing tips to officers concerning the locations of large stills.

Pity the Poor Auto.

Jay Jasper bought a runabout, re-splendent, fresh and new; went in the hole five hundred plunks—so has to fret and stew. Not having wherewithal to build a cover for his car, it's standing out in rain and snow and wheezing with catarrh. Yet Jay, he loves his gas machine, and boasts of it with joy; he'd no more think of selling it than parting with his boy. His mower, which he's had four years, is sheltered with a shed, while auto stands in all outdoors, with naught about its head.—Exchange.

MERCURY SLUMPS WHEN COLD WAVE HITS NORTH EAST

Weather Bureau Promises no Relief Till Saturday

TWENTY-TWO BELOW ZERO

Northfield Retains Place in List of "Coldest Spots" in U. S.

Washington, Feb. 17 (By the Associated Press)—The northeastern section of the United States is shrouded in ice today as the result of a cold snap of unusual severity, according to the reports of the weather bureau which predicted little relief before Saturday.

On the other hand, the northwest states, which ordinarily would be enduring the coldest period of the year, are said to be experiencing comparatively low temperatures. The coldest spots in the country are Canton, N. Y., Northfield, Vt., and Greenville, Me., where the mercury slithered around 22 degrees below zero.

New York City, with thermometers registering two degrees below zero, are probably undergoing "colder weather" than localities with lower temperatures because of the moisture in the stuff wind that has prevailed since the beginning of the cold wave.

A PUBLIC BAROMETER

Interest in Y. M. C. A. Indicates Standing of Any Community.

Ex-President Woodrow Wilson has said "You can test the modern community by the degree of its interest in its Young Men's Christian Association."

The membership of the association is made up of men and boys representing all walks in life. The opportunity to gratify these desires has been offered to men and boys at much less than cost, because of the liberality of a large hearted citizen ship.

Bennington has met the test.

KAYSEES VISIT ARLINGTON

Knights and Daughters from Bennington Entertained.

The Knights of Columbus and Catholic Daughters of America of Bennington were entertained by the Arlington organization Thursday evening. About 60 from Bennington, motored to Arlington to attend in spite of the extreme cold.

Arlington town hall was prettily decorated for the occasion and the Arlington people proved to be excellent hosts. Murphy's orchestra from Bennington furnished the music. Dancing was enjoyed until the wee small hours. John O'Hare gave a specialty dance that was greatly enjoyed.

At intermission a supper was served at the new school building which was decorated for the occasion. Everyone reports a royal good time.

MRS. ANNA E. HUGHES.

Mrs. Anna E. Hughes, 23 West Elm St., Chicago, an artist who enjoys a wide and enviable reputation for skill in china painting, in relating the facts of her remarkable experience with Tanlac, says:

"I haven't enjoyed such good health or felt so well in every way in years as I do now. Before I took Tanlac I was so run down that half an hour at my work would tire me completely out and I was actually so nervous and weak that at times the brush would fall from my hands and I would have to quit work for the rest of the day. Every night I would lie awake for hours, miserable and nervous. "My improvement after the first few doses of Tanlac was rapid and constant. I'm happy to say I'm well and strong now and feel better than in twenty years. Tanlac deserves every word of praise I can give it." Tanlac is sold in Bennington by W. L. Gokay; in North Bennington by A. N. Shepard; in Pownal by Jos. M. Proud and in South Shaftsbury by G. R. and A. B. Hawkins.—Advertisement.

Eggs a plenty when the Mercury's Down!

It is the way you are feeding and not so much the season that is responsible for the eggs you are getting. If you will feed for eggs now, you will get eggs now.

Grains furnish too much material to make yolks, but less than enough for an equal number of whites. Hens can't lay incomplete eggs.

To Make More Eggs

Purina Chows are rich in protein, the principal element in whites. Just enough, and no more, of each element is used to keep a perfect balance of whites and yolks. Maximum egg production is the result.

"More Eggs or Money Back"

The money paid for both Chows will be refunded if hens when fed Purina Chicken Chowder with Purina Hen Chow, as directed, do not lay more eggs than when fed any other ration.

SPECIAL—SPECIAL—SPECIAL

A Balzac Masterpiece by the Producer of "The Four Horsemen"

What is the Conquering Power in Life?—Is it ambition or hate; love or the lust for gold? The answer is the theme of

"The Conquering Power"

Founded on the World Famous Story "Eugenie Grandet."

THE CAST

Eugenie Grandet Alice Terry	Albe Cruchot Willard Lee Hall
Charles Grandet Rudolph Valentino	Nanon Mary Hearn
Pere Grandet Ralph Lewis	Madame des Grassines Bridgetta Clark
Madame Grandet Edna Dumary	M. de Grassines Mark Fenton
Notary Cruchot Edward Connelly	Cornolier Eugene Pouyet
Cruchot de Bonfons (his son) Geo. Atkinson	Alphonse Ward Wing

"The Conquering Power," is a Rex Ingram production and in it Mr. Ingram has had the assistance of all the principals who aided him in making "The Four Horsemen of the Apocalypse."

The youthful fascination of Rudolph Valentino, the beautiful beauty of Alice Terry and the dramatic force of Ralph Lewis tell the story—Of warm love and cold greed.

"THE CONQUERING POWER" a film that will bear seeing not only once, but several times, and we make bold to recommend it to those, if any, who are still skeptical of the cinema as an agent of beauty.
